Praying For Each Other

ASKING TO GIVE-

He invites us to trust in Him with a trust deeper and stronger than that of a child in his earthly father. Parents love their children, but the love of God is larger, broader, deeper, than human love can possibly be. It is immeasurable. Then if earthly parents know how to give good gifts to their children, how much more shall our Father in heaven give the Holy Spirit to those who ask Him? *Christ's Object Lesson pages 139-149*

Looks like Revival and Reformation

Walk like a growing church, talk like a growing church, acts like a growing church. It must be a growing church.

A working church will ever be a growing church. They will ever find a stimulus and a tonic in trying to help others, and in doing it they will be strengthened and encouraged. {Advance, June 1, 1899 par. 8}

Satan is now seeking to hold God's people in a state of inactivity, to keep them from acting their part in spreading the truth, that they may at last be weighed in the balance and found wanting. {Advance, June 1, 1899 par. 9}

INVITATION Throughout Christian history from Acts to the Reformation to the Advent movement, the devil has tried to counteract the influence of the heaven-anointed revival movements. "He [Satan] is working with all his insinuating, deceiving power, to lead men away from the third angel's message, which is to be proclaimed with mighty power. If Satan sees that the Lord is blessing His people and preparing them to discern his delusions, he will work with his master power to bring in fanaticism on the one hand and cold formalism on the other, that he may gather in a harvest of souls" *By Ted N.C. Wilson, Mark A. Finley, Armando Miranda and Jerry Page. Why Not, Now! pg 23*

STROKE INDICATORS CAN SAVE FRIENDS OR FAMILY

S Ask the individual to SMILE.
 T Ask the person to TALK and speak a simple sentence (Coherently)(i.e. It is sunny out today.)
 R Ask him or her to RAISE BOTH ARMS.
 If he or she has trouble with ANY ONE of these tasks, call emergency number immediately and describe the symptoms to the dispatcher. New Sign of a Stroke Stick out Your Tongue. Ask the person to 'stick' out their tongue. If the tongue is 'crooked', if it goes to one side or the other that is also an indication of a stroke.
S.T.R.T. Smile, Talk a sentence, Raise your arms and Stick out your Tongue.
Submitted by Elsie Grossett via email

Please resist eating in the sanctuary. We know babies get hungry or thirsty and need attention.

Please take your little one into the mothers room or even the kitchen. The sermon can still be heard in both rooms
 Thank You.

5 SIGNS OF STROKE PROVIDED BY THE CENTER FOR DISEASE CONTROL

Stroke can affect your senses, speech, behavior, thoughts, memory, and emotions. One side of your body may become paralyzed or weak. The five most common signs and symptoms of stroke are

- Sudden numbness or weakness of the face, arm, or leg.
- Sudden confusion or trouble speaking or understanding others.
- Sudden trouble seeing in one or both eyes.
- Sudden dizziness, trouble walking, or loss of balance or coordination.
- Sudden severe headache with no known cause.

Signs of a stroke always come on suddenly. If your symptoms go away after a few minutes, you may have had a "mini-stroke," also called a transient ischemic attack (TIA). TIAs do not cause permanent damage but can be a warning sign of a full stroke—you should still get help immediately.
 If you or someone else experiences one or more signs or symptoms of stroke, call 9-1-1 immediately.

Every minute counts!

We strive to keep the church in clean and in good repair.
